REPORT

IPR Awareness programme

Organized by IQAC, RPM Cell and IPR Cell

Conducted on Wednesday, 13th April 2022

IPR Awareness programme was organized by the IQAC, Research, Promotion and Monitoring (RPM) cell and Intellectual Property Rights (IPR) cell of Dattajirao Kadam Arts, Science, and Commerce College, Ichalkaranji in collaboration with Ministry of Commerce and Industry, Department for promotion of Industry and Internal Trade, Office of the Controller General of Patents Design and Trademarks, Government of India.

The programme was conducted on Wednesday 13th April 2022, at 11.30 am in college auditorium under the National Intellectual Property Rights Mission (NIPAM) of Govt. of India. The programme was started with lightening of lamps by Chief Guest and Resource Person Mr. Amol Ravindra Patil, Examiner of Patents and Design, Patent office, Mumbai, President Principal Dr. V. S. Dhekale and all dignitaries on the Dias. After Sanstha prayer, Welcome and introduction about IPR awareness programme was given by Dr. A. A. Ghare, HOD, Department of Chemistry. She explained the purpose of arranging this programme as knowledge of IPR is must for economic development and advancement of country.

A National Intellectual Property Awareness MISSION (NIPAM) under the initiative of Government's 'Azadi ka Amrit Mahotsav' has been launched by Shri Anurag Jain, Secretary DPIIT on 08/12/2021]. The NIPAM mission aims to provide awareness on intellectual property and its rights to 1 million students. It aims to inculcate the spirit of creativity and innovation to students of classes 8 to 12 and inspire the college and university students to innovate and protect their creation by filling the patents.

Introduction of guest was given by Dr. D. A. Kumbhar Sir. In presidential address Prin. Dr. V. S. Dhekale explained the importance and necessecity of IPR in the development of country. He motivated the students to think and produce

original work, to create something new.

Resource person Mr. Amol R. Patil explained what is meant by intellectual property and intellectual property right (IPR) and why it is so important to possess IPR by person or institution for the advancement of country. IPR helps IP holder to become job giver than job seeker. Giving suitable examples he explained about patent, patent filing process, copyright, copyright registration, Trademark, Trademark care laws, industrial design, design case laws and Trade secret.

He gave information related to Geographical Indication and examples of GI in India. At the end of his talk he also told students about the career opportunities in this field.

Government Jobs as –

- Examiner of Patents and Designs
- Examiner of Trademark and GI
- Examiner of Copyrights

Other Jobs like

- Patent Agent
- Trademark Agent
- JRF / SRF patent facilitation centers
- Patent litigation and other opportunities in private sector.

Using PPT and videos, he explained all about IPR in simple language. In question answer session, relevant queries about IPR were arising from the side of students and faculty delegate and they got justified answers from the resource person. All participants were benefitted with this expert talk.

As huge information is to be provided while filing a patent application in order to ensure full disclosure of the invention, nowadays to promote the culture of IPR, patent filing fee is reduced too much. We can take help of patent filing agents too.

The IPR awareness programme was ended with vote of thanks by Dr. Atish Patil Sir. For this programme anchoring was done by Miss. S. B. Fadatre and Miss. S. A. Matiwadd. The programme was very informative and knowledgeable. It motivated the participants to create something innovative and become a IP holder. In this programme about 69 students and 34 faculty members participated. They loved the event as a whole.
