MEMORANDUM OF UNDERSTANDING (MOU)

ON ACADEMIC CO-OPERATION

BETWEEN

SOCIETY FOR MATHEMATICAL ENGINEERING, KOLHAPUR

AND

**DATAJIRAO KADAM ARTS, SCIENCE & COMMERCE COLLEGE,
ICHALKARANJI, DIST. KOLHAPUR.**

This memorandum of understanding is made at **Ichalkaranji** on **Tuesday, March02, 2021**.

In order to promote academic co-operation and exchange, the **Society for Mathematical Engineering, Kolhapur (SME)** and **Dattajirao Kadam Arts, Science & Commerce College, Ichalkaranji** agree to the following Memorandum of Understanding (MOU):

Article 1:

Society for Mathematical Engineering can operate SME student chapter.

Article 2:

The two organizations seek to promote academic co-operation by encouraging direct contact and co-operation between their member. The details of specific projects will be determined in the agenda to the present MoU.

Article 3:

Both organizations agree to the following general forms of co-operation, subject to available resources:

1. Free institutional membership will be given to the college.
2. Provide necessary help in organizing workshops, seminars, conferences and personality development programs.
3. Encourage students of either institute to attend lecturer in the other institute during lecturer session, seminars and conferences.
4. Provide academic interaction by delivering special lectures at institute on topics of modern research.
5. To provide facility of training and placement at institute.

Article 4:

Confidentiality: Each party shall maintain complete confidentiality of any information of the other, disclosed during the term of this MOU.

Article 5:

This MOU will become effective upon the date of signature by the executive heads of the organizations and will be valid for a period of Five years from the date of formal signature by both parties. Either organization may terminate this MOU by giving three months' written notice to the other. It may be extended for an additional period of one years by mutual agreement.

Subject : Permission to organize a Guest Lecture.

Respected Sir,

Department of Mathematics has planned to organize a Guest Lecture under MOU on "Opportunities in the field of Mathematics" on Thursday 27th April 2023. Kindly give us permission for the same.

Thanking You.

Yours faithfully

Department of Mathematics Report of Guest Lecture under MOU on

“Exploring Career Opportunities in Mathematics”

Date: 27/04/ 2023

Venue: B.Sc.III Classroom

Presenter: Mr. Jagdish Desai

Introduction: The collaboration between the Mathematical Engineering Society of Kolhapur and DKASC College's Department of Mathematics brought together people who love math and professionals to learn about the many different jobs students can get with math skills. Mr. Jagdish Desai, a respected speaker, talked about all the different ways math can help you find a great job.

1. Interdisciplinary Applications: Jagdish talked about how math is used in many different areas like engineering, finance, computer science, and biology. He showed us with examples how important math is for making new things in these fields.

2. Data Science and Analytics: Nowadays, we use a lot of data to make decisions. Jagdish explained how knowing math can help you have a cool job analyzing data and predicting things. He talked about the tools and methods we use to understand big sets of data.

3. Financial Mathematics: Money and finance are very complicated. Jagdish explained how math helps us figure out things like how risky something is, how much it's worth, and how to make it worth more. He showed us that knowing math can lead to good jobs in banking, investing, and insurance.

4. Research and Academia: If you like learning and discovering new things, math can take you far. Mr. Jagdish told us how you can keep studying math and do research. He said this helps us understand math better and find new things nobody knew before.

5. Entrepreneurship: Math is not just for school it's for starting your own business too. Mr. Jagdish told us about people who used math to solve real-world problems and start their own companies. He encouraged us to think of new ways to use math to help people.

Conclusion: The lecture taught us that math can open many doors for students. Mr. Jagdish showed different paths that can take with math and inspired students to use math to make our dreams come true.
