Report

One Day Workshop on

“Instrumentation Handling and Career Opportunitites in Pharma Industry”

Organized by Dept. of Chemistry,

Conducted on Tuesday, 05th April 2022

Department of Chemistry and IQAC of Dattajirao Kadam Arts, Science and Commerce College, Ichalkaranji organized one day workshop on “Instrumentation Handling and Career Opportunities in Pharma Industry” under MOU with Analyte Pharmajob Training Institute, Kolhapur. This workshop was conducted for M.Sc.I and B.Sc. III students on Tuesday, 05th April 2022 in college auditorium from 11.30 am onwards. The workshop started with lightening the lamp by Chief Guest and Resource Person Mr. Pramod V. Mane (Founder) Analyte Pharmajob Training Institute, Kolhapur, Principal Dr. V. S. Dhekale and all the dignitaries. Welcome and Introductory speech was given by Dr. A. A. Ghare HOD, Dept of Chemistry. She explained about the need for conducting such workshop as after completion of B.Sc. degree about 50% students are in need of job and searching the job in pharma industry. Pharma industry is one of the huge sector that provides job to Chemistry students. In Presidential address Dr. V.S. Dhekale Principal, DKASC College, Ichalkaranji motivated the students to attend such workshop related to skill development

and career opportunities and also to perceive higher degree like M.Sc. to increase the possibility to get the job and attractive salary. He said that there are ample opportunities to Chemistry students in pharma industries for research as well as marketing. This workshop brings the students on platform of innovation, development and marketing. Being a commerce teacher, he explained important things about marketing. The inaugural function was ended with vote of thanks by Ms S. S. Pujari.

First session started with introduction of Resource person Mr. Pramod V. Mane by Dr. D. A. Kumbhar Sir. In expert talk Mr. Pramod V. Mane explained the importance of knowledge and skills for getting job in industry. He emphasized on understanding concepts in Chemistry, which should be very clear in mind, well understood and not by heart. He told that degree in Basic Sciences (B.Sc., M.Sc.) is not inferior, as the research work done by these students is applicable for doctors and engineers and useful for human welfare and industrial development. He motivated students to get post-graduate degree. Industrial growth is due to knowledgeable person and not due to referenced person. So industries are in search of such knowledgeable, skilled, hardworking candidate to offer a job. So developing these qualities in chemistry students is very essential thing. First session was ended by vote of thanks by Miss

In second session Mr. P. V. Mane emphasized on five concepts for career opportunities and getting job in Pharma industry. These are as follows.

- 1) Do the career in that field in which you have taken education. For example, manufacture of drugs, quality control for chemistry students.
- 2) Take higher education i.e. obtain post graduation degree as it provide you more job opportunities and better salary. For e.g. B Sc Chemistry student should get M.Sc (Chemistry) degree.
- 3) Improve your skills by exploring your hidden potential.
- 4) Prepare yourself for Mock interview, it gives stage daring and builds up your

self confidence.

5) Follow marketing strategies. Your resume should be best for getting a job.

The guidance regarding the marketing jobs in pharma industry was provided by Mr. Tukaram Satpute. In his expert talk he explained the career opportunities related to marketing jobs in Pharma industries. Marketing sector requires knowledgeable and hard-working candidates. Students should develop interest in marketing and come forward in this sector as lots of job opportunities are waiting for them. The second session was ended by vote of thanks by S. S. Pujari.

For this workshop anchoring was done by our M.Sc. Part I students Miss Shrutika Gadekar and Mr. Prasad Patil.

The workshop was very informative and provided the participants with valuable knowledge on career and job opportunities in pharma industry. Also it was helpful for creating awareness about developing soft skills and building self confidence. For this workshop about 150 students and teachers participated and benefited by this workshop and they love the event as a whole. The credit of grand success of this workshop goes to efforts taken by Dr. D. A. Kumbhar Sir and organising team.
