		Gender Awareness		Environmental Awareness		Professional Ethics		Human Values	
1	B.A.-II	Macro Economics paper no.-III	Sem.III	macro economics	1.Gendered Economic Roles 2.Women's Economic Participation	1.Environmental Impact 2.Sustainable Economic Growth	1.Objective Data Analysis 2.Unbiased Economic Policy	1. Social Justice: Focusing on macroeconomic policy 2.promotes social justice,	
				National Income	1.Gender Pay Gap 2.Women's Contribution to GDP	1.Environmental Degradation Costs 2.Green GDP Accounting	1.Accurate Data Collection 2.Transparent Economic Reporting	1.Focusing on reducing income inequality 2.promoting equitable distribution of resources.	
				Money and Value of Money	1.Women's Access to Finance 2.Gendered Financial Literacy	1.Eco-friendly Currency 2.Sustainable Financial Systems	1.Unbiased Financial Advice 2.Transparent Monetary Policy	1.Human Well-being and purchasing power 2.Equitable financial resources and social justice.	
				Output and Employment	1.Gendered Job Loss 2.Women's Participation in Labor Market	1.Environmental Impact of Production 2.Sustainable Employment Practices	1.Accurate Data on Unemployment 2.Responsible Economic Forecasting	1.employment policies and social welfare 2.Equitable distribution of output and employment.	
				Gender Awareness	Environmental Awareness	Professional Ethics	Human Values		
2	B.A.-II	Macro Economics Paper no.-V	Sem.IV	Inflation	1.Gendered Impact of Price Rise 2.Women's Budgetary Constraints	1.Resource Depletion and Price Rise 2.Sustainable Consumption Patterns	1.Transparent Monetary Policy 2.Accurate Inflation Forecasting	1.Human Well-being and inflationary effects 2.Equitable distribution of resources and social protection.	
				Trade Cycles	1.Women's Employment in Trade 2.Gendered Impact of Trade Fluctuations	1.Environmental Impact of Trade 2.Sustainable Trade Practices	1.Unbiased Trade Forecasting 2.Transparent Trade Agreements	1.Human Well-being and Trade Cycle Vulnerability 2.Equitable Economic Development	
				Public Finance-I	1.Gender-sensitive Budgeting 2.Women's Access to Public Resources	1.Green Budgeting 2.Environmental Impact of Public Spending	1.Transparent Fiscal Policy 2.Accountable Public Financial Management	1.Human finance and social welfare 2.Equitable distribution public services.	
				Public Finance-II, Deficit	1.Gendered Impact of Fiscal Policy 2.Women's Burden of Debt	1.Environmental Debt 2.Sustainable Fiscal Management	1.Transparent Debt Management 2.Responsible Fiscal Policy	1.Focusing on human-centered taxation 2.human well-being, dignity, and social welfare.	

				Gender Awareness	Environmental Awareness	Professional Ethics	Human Values	
3	B.A.-II	Money and Banking Paper no.-IV	Sem.III	Introduction of Banking	1.Women's Access to Banking 2.Gender-sensitive Banking Products	1.Sustainable Banking Practices 2.Green Banking Initiatives	1.Transparent Banking Operations 2.Responsible Lending Practices	1.Social Responsibility: Exploring the role of banking 2.development projects and promoting financial literacy.
				Reserve Bank Of India	1.Women's Representation in RBI 2.Gender-sensitive Monetary Policy	1.Green Banking Regulations 2.Sustainable Financial Governance	1.Transparent Monetary Policy 2.Accountable Banking Supervision	1.Human Well-being 2.Equitable Economic Development
				Banking Practices-I	1. Gender Bias in Loan Sanctioning 2. Women's Access to Banking Services	1. Environmental Risk Management 2. Sustainable Banking Products	1. Ethical Lending Practices 2. Confidentiality of Customer Data	1.Social Responsibility and Philanthropy: 2.Investigating the role of banking practices .
				Banking Practices- II	1. Gender Diversity in Bank Workforce 2. Women's Empowerment through Financial Literacy	1. Carbon Footprint of Banking Operations 2. Green Financing Initiatives	1. Ethical Asset Management 2. Transparency in Fee Disclosure	1.Debt management 2.Equitable distribution of debt burdens .
				Gender Awareness	Environmental Awareness	Professional Ethics	Human Values	
4	B.A.-II	Money and Banking Paper no.-IV	Sem.IV	Financial System In India	1. Gender Gap in Financial Inclusion 2. Women's Participation in Financial Decision-Making	1. Environmental Impact of Financial Sector 2. Green Finance Initiatives in India	1. Ethical Lending Practices in India 2. Transparency in Financial Regulations	1.Financial inclusion and human development 2.Equitable access to financial services
				Indian Financial Institutions	1. Gender Diversity in Leadership Roles 2. Women's Access to Credit Facilities	1. Sustainable Banking Practices 2. Green Investment Initiatives	1. Ethical Lending Practices 2. Transparency in Disclosure	1.Financial inclusion policies 2.Financial inclusion and social responsibility
				Banking Practices-I	1. Gender-Neutral Banking Policies 2. Women's Empowerment through Financial Literacy	1. Eco-Friendly Banking Practices 2. Sustainable Finance Reforms	1. Ethical Risk Management 2. Transparency in Regulatory Changes	1.Banking policies and social responsibility 2.Equitable access to banking services.
				Banking Practices- II	1. Gender Gap in Digital Financial Literacy 2. Women's Access to Online Banking	1. Carbon Footprint of Online Transactions 2. Paperless Banking Initiatives	1. Secure Online Transactions 2. Data Privacy Protection	1.Investigating banking practices societal welfare, 2.supporting community development and philanthropic initiatives.

Details of Cross Cutting Issues relevant with Gender Awareness, Environmental Awareness, Professional Ethics and Human Values

Sr. No	Name of the Course	Title of Paper	Sem.	Name of the Unit	Details of Cross Cutting Issues relevant with			
					Gender Awareness	Environmental Awareness	Professional Ethics	Human Values
1	B.A.-III	Principles of Micro Economics Paper No.7	V	Introduction to Micro Economics	1. Gender Inequality in Resource Allocation 2. Women's Economic Empowerment through Entrepreneurship	1. Environmental Impact of Consumer Choice 2. Sustainable Resource Allocation	1. Ethical Decision-Making in Resource Allocation 2. Fair Distribution of Resources	1. Economic Justice and Equality 2. Human Well-being and Resource Allocation
				Consumer's Behaviour	1. Gender Stereotyping in Advertising 2. Women's Empowerment through Financial Decision-Making	1. Sustainable Consumption Patterns 2. Eco-Friendly Product Choices	1. Ethical Marketing Practices 2. Transparent Product Labeling	2. Social Responsibility in Purchasing Decisions
				Demand and Supply Analysis	1. Gender differences in demand patterns 2. Women's role in shaping market supply	1. Eco-friendly demand and supply chains 2. Sustainable resource allocation	1. Unbiased demand forecasting 2. Transparent supply management practices	1. Human well-being in demand analysis 2. Equitable distribution in supply chains
				Theory of Production	1. Women's labor participation in production 2. Gendered division of labor and productivity	1. Sustainable production methods 2. Environmental impact of production processes	1. Responsible resource allocation 2. Transparency in production costs and pricing	1. Human-centered production goals 2. Fair labor practices and worker welfare
2	B.A.-III	Economics of Development Paper No.-8	V	Basic Concepts of Economic Development	1. Gender inequality and economic growth 2. Women's economic empowerment and development	1. Environmental degradation and economic development 2. Sustainable development and green economy	1. Ethical considerations in economic policy-making 2. Transparency and accountability	1. Human development and well-being 2. Equitable distribution of economic benefits and social justice
				Developing and Developed Countries	1. Gender disparities in developing countries 2. Women's empowerment in developed countries	1. Environmental degradation in developing countries 2. Sustainable practices in developed countries	1. Ethical considerations in international aid 2. Responsible resource extraction in developing countries	1. Human rights in developing countries 2. Equitable global economic systems
				Theories of Economic Development	1. Gender-blindness in economic theories 2. Feminist perspectives on economic development	1. Environmental externalities in economic growth 2. Sustainable development theories and practices	1. Value neutrality in economic theories 2. Ethical considerations in development policy	1. Human-centered development theories 2. Equitable and just economic development
				Resources for Economic Development	1. Women's access to economic resources 2. Gendered distribution of resources and benefits	1. Sustainable use of natural resources 2. Environmental impact of resource extraction	1. Transparent resource allocation 2. Accountable resource management practices	1. Equitable distribution of resources 2. Human well-being and resource utilization

Sr. No	Name of the Course	Title of Paper	Se m.	Name of the Unit	Details of Cross Cutting Issues relevant with

					Gender Awareness	Environmental Awareness	Professional Ethics	Human Values
1	B.A.-III	Principles of Micro Economics - II Paper No.12	VI	Perfect Competition	1. Gender Bias in Assumptions of Perfect Competition 2. Women's Empowerment through Entrepreneurship in Perfect Competition	1. Environmental Impact of Firms in Perfect Competition 2. Sustainable Production in Perfect Competition	1. Ethical Pricing in Perfect Competition 2. Fair Trade Practices in Perfect Competition	1. Consumer Sovereignty and Human Choice in Perfect Competition 2. Social Welfare Maximization in Perfect Competition
				Monopoly Competition	1. Gender Disparities in Monopoly Power and Decision-Making 2. Women's Economic Empowerment through Anti-Monopoly Policies	1. Environmental Degradation due to Monopoly's Exploitative Practices 2. Sustainable Practices in Monopoly Regulation	1. Ethical Implications of Monopoly Power and Exploitation 2. Moral Responsibility in Regulating Monopolies	1. Human Well-being and Monopoly's Impact on Consumer Welfare 2. Social Justice in Monopoly Regulation and Anti-Trust Laws
				Imperfect Competition	1. Gender Biases in Firm Decision-Making under Imperfect Competition 2. Women's Entrepreneurship and Innovation in Imperfectly Competitive Markets	1. Environmental Impact of Firms' Strategic Behavior in Imperfect Competition 2. Sustainable Competitive Strategies in Imperfectly Competitive Markets	1. Ethical Considerations in Competitive Strategies and Tactics 2. Moral Implications of Exploiting Market Power in Imperfect Competition	1. Human Well-being and Consumer Welfare in Imperfectly Competitive Markets 2. Social Responsibility and Fair Competition in Imperfect Competition
				Factor Pricing	1. Gender-Based Wage Gaps in Factor Pricing 2. Women's Economic Empowerment through Fair Factor Pricing	1. Gender-Based Wage Gaps in Factor Pricing 2. Women's Economic Empowerment through Fair Factor Pricing	1. Ethical Considerations in Factor Pricing and Income Distribution 2. Moral Implications of Exploiting Factors of Production	1. Human Dignity and Fair Compensation in Factor Pricing 2. Social Justice in Factor Pricing and Resource Allocation
1	B.A.-III	Economics of Planning Paper No.13	VI	Introduction to Economic Planning	1. Gender-Sensitive Economic Planning for Inclusive Growth 2. Women's Participation in Economic Planning and Decision-Making	1. Environmental Sustainability in Economic Planning 2. Green Planning for Sustainable Development	1. Ethical Considerations in Economic Planning and Policy-Making 2. Transparency and Accountability in Economic Planning	1. Human Development and Well-being in Economic Planning 2. Social Justice and Equity in Economic Planning
				Issues of Economic Planning	1. Gender Disparities in Access to Resources and Opportunities 2. Mainstreaming Gender in Economic Planning and Policy	1. Environmental Degradation and Sustainable Development 2. Integrating Environmental Concerns in Economic Planning	1. Ethical Dilemmas in Resource Allocation and Priority Setting 2. Ensuring Transparency and Accountability in Economic Planning	1. Human Well-being and Quality of Life in Economic Planning 2. Promoting Social Justice and Equity in Economic Development
				Planning in India Part-I	1. Gender Inequality in Access to Education and Healthcare in India 2. Women's Empowerment through Microfinance and Entrepreneurship Schemes	1. Environmental Impact of Industrialization and Urbanization in India 2. Sustainable Development Goals (SDGs) in India's Planning Process	1. Ethical Considerations in Resource Allocation and Priority Setting in India's Planning 2. Transparency and Accountability in India's Planning and Governance	1. Human Development Index (HDI) and Human Well-being in India's Planning 2. Social Justice and Equity in India's Economic Development and Planning
				Planning in India Part-II	1. Gender-Sensitive Budgeting and Planning in India 2. Addressing Gender-Based Violence and Discrimination in Planning	1. Climate Change Mitigation and Adaptation Strategies in India's Planning 2. Environmental Impact Assessment and Clearance Processes in India	1. Ethical Considerations in Public-Private Partnerships (PPPs) in India's Planning 2. Ensuring Transparency and Accountability in India's Planning and Governance	1. Inclusive Growth and Development for Marginalized Communities in India's Planning 2. Human Rights-Based Approach to Planning and Development in India

Sr. No.	Name of the	Title of Paper	Sem.	Name of the Unit	Details of Cross Cutting Issues relevant with

1	B.A.-III	International Economics Part-II Paper No.14	VI	Balance of Trade and Balance of Transactions	1. Gendered Impacts of Trade Liberalization on Employment and Income 2. Women's Empowerment through Trade and Entrepreneurship Opportunities	1. Environmental Impact of Trade and Investment Agreements 2. Sustainable Trade Practices and Climate Change Mitigation	1. Ethical Considerations in International Trade and Finance 2. Transparency and Accountability in Trade and Investment Policies	1. Human Development and Well-being in Trade and Development Policies 2. Social Justice and Equity in Global Trade and Economic Governance
				Foreign Trade in India since 1991	1. Impact of Liberalization on Women's Employment in Export-Oriented Sectors 2. Gender Disparities in Access to Credit and Trade-Related Resources	1. Environmental Impact of Increased Trade and Industrialization in India 2. Sustainable Trade Practices and Eco-Friendly Export Strategies	1. Ethical Considerations in International Trade Agreements and Negotiations 2. Transparency and Accountability in Trade Policy-Making and Implementation	1. Human Development and Well-being in Trade and Economic Growth 2. Social Justice and Equity in Access to Benefits of Trade Liberalization
				Foreign Capital in India	1. Gendered Impacts of Foreign Direct Investment (FDI) on Women's Employment 2. Women's Empowerment through Entrepreneurship and Access to Foreign Capital	1. Environmental Impact of Foreign Investment in India's Industrial Sectors 2. Sustainable Investment Practices and Eco-Friendly Technologies	1. Ethical Considerations in Foreign Investment and Corporate Governance 2. Transparency and Accountability in Foreign Capital Flows and Operations	1. Human Development and Well-being in Foreign Capital-Fueled Growth 2. Social Justice and Equity in Access to Benefits of Foreign Investment
				International Organizations and India	1. Gender Mainstreaming in International Organizations' Policies and Programs in India 2. Women's Representation and Leadership in International Organizations	1. Environmental Sustainability in International Organizations' Operations in India 2. Climate Change Mitigation and Adaptation Efforts in International Organizations	1. Ethical Considerations in International Organizations' Decision-Making Processes 2. Transparency and Accountability in International Organizations' Governance	1. Human Rights and Dignity in International Organizations' Work in India 2. Social Justice and Equity in International Organizations' Policies and Programs
1	B.A.-III	Research Methodology in Economics Part-II Paper No.15	VI	Sample Survey	1. Gender Bias in Sampling Techniques and Data Collection Methods 2. Representation of Women's Perspectives and Experiences in Survey Research	1. Environmental Impact of Survey Research and Data Collection Methods 2. Sustainable and Eco-Friendly Survey Practices	1. Ethical Considerations in Informed Consent and Respondent Privacy 2. Transparency and Accountability in Survey Methodology and Data Analysis	1. Respect for Human Dignity and Autonomy in Survey Research 2. Social Responsibility and Impact of Survey Findings on Marginalized Communities
				Processing and arrangement- Classification of Coding, Editing	1. Gender-Based Data Disaggregation and Analysis 2. Avoiding Gender Bias in Coding and Classification	1. Environmental Impact of Data Processing and Storage 2. Sustainable Data Management Practices	1. Ethical Considerations in Data Privacy and Confidentiality 2. Transparency and Accountability in Data Processing and Editing	1. Respect for Human Dignity in Data Collection and Analysis 2. Social Responsibility in Data-Driven Decision Making
				Techniques of fact analysis	1. Gender-Sensitive Data Analysis and Interpretation 2. Avoiding Gender Bias in Fast Analysis Techniques	1. Environmental Impact of Fast Analysis Techniques and Tools 2. Sustainable Data Analysis Practices	1. Ethical Considerations in Fast Analysis and Quick Decision-Making 2. Transparency and Accountability in Fast Analysis Techniques	1. Respect for Human Dignity in Fast Analysis and Decision-Making 2. Social Responsibility in Fast Analysis and Problem-Solving
				Interpreting statistics and writing reports	1. Gender-sensitive data analysis and reporting 2. Avoiding gender stereotypes in report writing	1. Environmental impact of data collection and reporting 2. Sustainable reporting practices and green metrics	1. Ethical data interpretation and reporting 2. Transparency and accountability in report writing	1. Respect for human dignity in data-driven narratives 2. Social responsibility in reporting and storytelling

Sr. No.	Name of the	Title of Paper	Sem.	Name of the Unit	Details of Cross Cutting Issues relevant with			
					Gender Awareness	Environmental Awareness	Professional Ethics	Human Values
1	B.A.-III	Economic Thoughts Part-II Paper No.16	VI	Neo-classical Economic Thoughts-Alfred Marshall	1. Gendered division of labor and its impact on economic analysis 2. Marshall's views on women's economic roles and empowerment	1. Environmental externalities and market failure in Marshall's economics 2. Sustainable economic growth and resource management	1. Ethical considerations in economic modeling and policy advice 2. Marshall's views on social responsibility and economic justice	1. Human well-being and quality of life in economic analysis 2. Marshall's emphasis on social welfare and economic progress
				Indian Economic Thought-Mahatma Jotiba Fule	1. Gender equality and women's empowerment in Phule's economic thought 2. Phule's critique of gender-based social and economic injustices	1. Phule's emphasis on sustainable agriculture and natural resource management 2. Environmental sustainability in Phule's vision of rural development	1. Phule's commitment to social justice and human rights in economic development 2. Ethical considerations in Phule's critique of exploitation and oppression	1. Phule's emphasis on human dignity and well-being in economic development 2. Human values of compassion, equality, and justice in Phule's economic thought
				Economic Thoughts of Mahatma Gandhi	1. Gender equality and women's empowerment through self-reliance and decentralization 2. Gandhi's critique of patriarchal structures and gender-based exploitation	1. Environmental sustainability through simple living and local self-sufficiency 2. Gandhi's emphasis on organic farming and natural resource conservation	1. Ethical considerations in economic decision-making and consumption 2. Gandhi's principles of non-violence and compassion in economic relations	1. Human dignity and well-being through self-reliance and community development 2. Gandhi's emphasis on truth, non-violence, and cooperation in economic life
				Economic Thoughts of Modern Indian Economics	1. Gender-sensitive economic policies and women's empowerment in India's development 2. Critique of gender biases in economic models and data collection	1. Sustainable development and environmental conservation in India's economic growth 2. Climate change mitigation and adaptation strategies in Indian economy	1. Ethical considerations in economic policy-making and decision-making 2. Transparency and accountability in governance and institutions	1. Human development and well-being in India's economic progress 2. Inclusive growth and social justice in economic policies
